

FIELD EQUIPMENT CALIBRATION SERVICES

SGS OGC PROVIDES FIELD GAUGING EQUIPMENT CALIBRATION, VERIFICATION, REPAIR AND MAINTENANCE SERVICES FROM COAST TO COAST.

WHY CALIBRATE YOUR EQUIPMENT?

Calibration is the comparison of an instrument to a known, NIST-traceable standard. Accurately performed calibration increases accuracy and productivity, optimizes resources and assures consistency, comparability and compatibility of products and services.

WHY SGS FIELD EQUIPMENT CALIBRATION SERVICES?

SGS provides complete calibration, verification, repair and maintenance on all types of gauging, sampling and measurement equipment. Our highly skilled technicians, state of the art facility, standards and equipment ensures that your measuring instrument will meet or exceed manufacturers specifications.

METHODS USED

- API 3.1A Manual Gauging of Petroleum and Petroleum Products
- API 7 Temperature Determination

SERVICES INCLUDE

- Calibration / Verification in a controlled environment
- Repair with OEM parts
- Replacement / Purchasing
- Monthly reporting of calibration status
- Rush or same day turn around

SERVICES PROVIDED FOR

- Portable Electronic Thermometers
- Portable Electronic Gauging Devices
- Hand Gauge Tapes
- Liquid-in-Glass Thermometers
- Portable Gas Monitors
- Sampling Devices
- Oxygen Meters
- Pressure Gauges

RECOMMENDED CALIBRATION OR RECALIBRATION INTERVALS

- Monthly and Annual Calibration/ Verification for Portable Electronic Thermometers
- Annual verification for Gauge Tapes, Liquid-in-Glass Thermometers

SGS OGC CALIBRATION SERVICES IS ISO 9001 REGISTERED AND ISO 10012 COMPLIANT.

SGS IS A PROVEN LEADER

Highly skilled technicians, fast turnaround time, NIST traceability and advanced reporting capabilities make SGS an industry leader in field equipment calibration.

SGS is the world's leading inspection, verification, testing and certification company. SGS is recognized as the global benchmark for quality and integrity. With more than 85,000 employees, SGS operates a network of over 1,800 offices and laboratories around the world.
